

30 January 2007

Dear Reader,

QIS is more than just a school. It is a way of life. We all know the key duties of a teacher in any school but if you are to be a positive addition to our school, for our great kids, then there are certain qualities that we believe are vital.

We are looking for positive, dynamic, energetic and enthusiastic staff that are not only excellent classroom practitioners but are willing to engage with the students in the many extra curricular events that are so valued by them giving QIS its uniquely enjoyable and positive atmosphere.

Staff in the classroom must be eager to motivate and stimulate students making their learning both educational and enjoyable, using a variety of teaching methods and strategies including the incorporation of ICT into their lessons.

We want staff to not only be open to new ideas and change but be willing to use their valuable previous experiences in our school and be proactive in offering and implementing ideas for change that will lead to the betterment of the school.

Staff must have a positive attitude, a sense of humour and fun and be flexible enough to adapt to the different experiences and events that occur in an international school.

You must be willing to take the time to get to know the students, their culture and be open to new opinions and experiences.

Staff who enjoy teaching, give their best effort in all they do, believe teaching is more than just a job and always put the welfare of the students first will be welcomed warmly to QIS.

Regards,

**Mr. Damian Gray**  
Head of Secondary
